NP "Hello?"

● "Nate?"

NP "Yeah, what's up?"

● "This is [REDACTED]"

NP "Oh, hey, howya doing?"

● "I'm really sorry I yelled at you last time. We just need to talk"

NP "Yeah that's all right. Um Let me change the phones, all right?"

● "Ok"

NP "hello?"

● "Yeah"

Yeah?

● I am like two months late for my period

NP Hmm

● And I'm having an appointment at Ritenour tomorrow and I'm really scared and I don't know what to do and you don't think it's yours but what if it's the other guys that was in the room. I don't know, uhh, I mean, I'm, I'm going to counseling cause I don't know what to do about this. As of now I'm working two jobs, you know I'm taking thirteen credits, I don't know what to do.

NP Ahh, all, you going to (unintelligible) tomorrow to see if your're pregnant?

● I know I, I mean, I'm have all the symptoms and I'm late for two months. I, I've never been late before.

NP How many people have you slept with since that night?

● Huh, nobody Nate.

NP I was just wondering, just wondering.

● "yeah"

NP Umm, you know like I said before this is serious, you know what I mean. Umm, who have you talked to about it? When you say counseling do you mean..."

● (interjecting) Right.

NP through the school?

● No through the school. I'm seeing an off campus counselor cause I don't, I don't know what to do. I'm really scared, I mean I really don't know what to do and I, you know, I don't know whose it is I don't know what to do.

NP Uhh, well what are you thinking about? You know, what

● I mean I just

NP What do you want to do?

● I don't know. I mean, it's not even like we know whose baby it is in the first place

NP "Don't cry. I mean, ahh, I'm I'm willing to help you as much as I can. I mean, with anything. Because, well, I mean, shit like that you know what I mean, getting pregant off of some stupid shit doesn't de, doesn't, no one deserves that, you know? And, it's unfair

to everyone, you know what I mean? Especially the child if you have it or whatever, you know?

● Can you tell me honestly how many people I slept with that night, so I know what I'm looking at here?

NP Well, it was only, you know what I mean, the only person people who was there was me and the person that I was with that night when we met, my roommate.

● Yeah, but didn't like, umm, three people come home with us?

NP No, yeah, (sounds like Ken/Tim) the one that gave us the ride, no he didn't.

● Ok

NP He didn't at all, he uhh, didn't even he wasn't even in, like he had left. He more or like dropped us off, you know.

● "yeah"

NP So, and umm, I really appreciate you calling you now what I mean talking like us having a civil conversation. I just wanted to let you know that. Umm, I'm trying to think if, well, whaddaya, what are you

What do you want to do? Do you, do you know yet?

● I have no clue. I'm just still confused about that night, Nate. And that's, I mean, I don't I mean I don't want to have a kid and then, like tell it, you know, look, I slept with a whole bunch of people when I'm drunk, you know, and that's how you came to be. I can't, I don't know about doing that, but I don't believe in abortion either, I don't I don't know what to do. I mean I was really drunk, and

NP I understand, I'm sorry, Uh, I mean, and I'm like, like I told you before, you know what I mean, you know the way that everything happened, now looking back on it we can both say that it was just unnecessary, none of it should have happened anyway, you know what I mean? And, I mean I'm here, I mean to help you anyway I can, you know I mean I know that it's a fucked up situation, like you said you're hurting, and stuff. You're going through it, umm, I want to help you, you know what I mean, anything that you I can do, tell me, I don't, I, I don't know what to say because I've never been in a situation like this before, you know, like, you're saying that you don't want to bring, you know, a kid in the world and all that. I know for a fact that it's not mine, but let's just say for the sake of saying, there ain't, I would'nt know what, I don't know what to do

● How do, how do you know it's not yours, Nate?

NP Because I, I was protected, that's why.

● But the morning after when I was really groggy, when you, like I was laying on my stomach, and you had sex with me, and you cummed on my back.

NP "That's true. Ohh, I, I didn't even think about that.

● I mean, I don't understand why you guys did this to me in the first place Why you making it like that? That's my only thing. The morning after, ok, this is what I'm saying. The morning after, you know what I mean, you said, I'll have sex with you. It wasn't even like that, you know what I mean? If there was anything wrong you would have said it, but you said nothing was wrong, you know? That's why I'm just like, wh, whoah, why is she saying something was wrong...

● In the morning, Nate, I hardly remembered anything and

NP Ok (unintelligible)

● I mean, I didn't honestly, Nate, I didn't want to have sex with you that night. I mean, everybody that I had sex with before you have always been in a relationship

NP Ok

And, I just don't go, and I mean, did you just go out and bring another person in the room

NP No

● or did the other person just walk in.

NP No, actually

● Then how did he come to be there?

NP Because you hung out with me and that person ever since we left the Silver Screen

● Yeah, but how did, how did that happen to me, having sex with him?

NP Because, we were all hanging out together and then me and you started doing stuff and me then me and you eventually started having sex or whatever and he was still there, and you know what I mean, it started happening and you didn't stop it, you know what I mean?

● But, Nate, I was so out of it. I was, my whole body was numb, I couldn't do anything about it.

NP This is what I'm saying, this is what I'm saying. Ok, this is my whole, my whole thing, I've been thinking about this and everything. There is no way, and I say to myself, I know, for a fact, there's no way that you did anything or said anything to assure that you didn't want to do what you were doing. You were all for it, you know what I mean? Like, when you said something you had a dick in your mouth and the dick, and somebody on top of you. The whole thing about that, you were holding, it'd, it'd be different if you were just laying there, but you weren't. You were active, you know what I mean

● I can't see that. I don't remember. I just don't remember.

NP This is what I'm saying. Ok, Ok, can you give me this much. Would you admit that, or would you say that, things could have happened that you may have been involved with but you just don't remember.

● I, I honestly don't know cause I know if I wasn't drunk

NP Ok

● ...I wouldn't have done that

NP Ok. Well, do I know that? You say you were all this drunk, I really didn't know that you were all that drunk. I'm not, that's what I'm saying, I can't control your drinking, and I, I'm, I'm, don't know exactly how drunk you were. I don't know, I was drinking, you were drinking, everyone was drinking. And I didn't know that you were all that drunk, why, because you were like, yeah let's go to your house, that's cool. Let's go. (unintelligible) you know we went, and you were like, yeah you were having a good time, we were talking, everything. I mean, this is what I'm saying, if you were, I can understand that you said, Nate, you know what I mean, I was drunk and I'm sure I did things, but I don't remember, you know what I'm saying? I'm not going to say it was against my will, I'm not going to say of that, but all I'm saying is I really don't remember.

● (unintelligible)

NP That's different, that's different. But for you to say that you were just passing out and this and that is totally, that's just wrong. I'm saying that you were completely conscious. You may not remember, you may say that you don't remember now, and I can understand you saying that, maybe, but you were completely conscious. You know what I mean? You were awake, you know what I mean? When you were, giving head or
