Re: *Darabont, et al. v. AMC Network Entm't LLC, et al.*, Index No. 650251/2018

Dear Justice Bransten:

We respectfully write on behalf of Defendants in response to Plaintiffs' October 22, 2018 letter requesting a pre-motion conference regarding two categories of documents requested by Plaintiffs (the "October 22 Letter"). We are happy to inform the Court that, while we do not agree that the documents requested in Plaintiffs' October 22 Letter are within the scope of proper discovery in this matter, we have nonetheless decided to produce those documents in order to avoid burdening the Court with a discovery dispute. We have so informed counsel for Plaintiffs. Accordingly, Plaintiffs' request for a pre-motion conference is now moot.

Respectfully,

/s/ *Orin Snyder*
